The ARC is the public version of the Military Sport Bike RiderCourse (MSRC), and may be taken by riders using any type of motorcycle. It is a one-day course consisting of approximately 3½ hours of classroom activities and 4½ hours of riding. There are eight riding exercises that are titled:

1. Basic Control
2. Quick Stops
3. Stopping Demonstration
4. Curve Adjustments
5. Cornering and Swerving
6. Multiple Curves
7. Decreasing Radius Curves
8. Gap Analysis and Safety Margins

There is no formal skill test, but there is a knowledge test that may be self-scored. The class size is 12 riders to 2 Certified RiderCoaches. Most sport bike riders appreciate the outstanding performance and handling characteristics provided by the design and technology that is incorporated into sport bikes. This is why the course uses the title it does; that is, the techniques used for more performance-oriented riding can be used to enhance the skills and techniques for riders of any type of motorcycle. Techniques that extend beyond basic riding procedures are addressed in the ARC. Sport bike riding techniques are not intended to encourage or endorse riding at higher speeds, but are provided to improve the performance capabilities of riders, particularly related to overall control, cornering and emergency maneuvers.

WHAT TO BRING

Bring your own motorcycle with a full tank of gas, proof of registration, insurance, and proof of a valid inspection. All motorcycles must pass a routine pre-ride inspection and the Rider Coach's safety check. Riders are required to wear proper riding gear: Over the ankle boots, full-fingered gloves, long sleeve jacket, D.O.T. approved helmet and eye protection for all riding exercises.

CANCELLATION POLICY

There is a non-refundable \$10.00 processing fee.

Trama's Auto School Inc. must receive one week's notice to cancel or to reschedule. If you cancel or reschedule with less than one week's notice (7 days) of your scheduled course date you will forfeit \$55 of course fee. If you fail to show up on the day of your course, are unprepared to ride (improper riding gear, late, impaired, no bike, etc.) or fail to provide the documents listed above, you will forfeit the entire course fee.

THERE WILL BE NO EXCEPTIONS. There will be no make-ups or refunds for absences.

The undersigned hereby acknowledges that breach of this contract will result in a lost opportunity for **Trama's Auto School Inc.** and the liquidated damages for such shall be all or part of the course fee depending on when notice of cancellation / rescheduling is given as outlined here in.

PHYSICAL REQUIREMENTS

I understand that riding a motorcycle requires alertness, coordination, balance, grip and fine muscle control of the hands and feet. If you have a history of dizzy spells, fainting, seizures, epilepsy, muscular issues, balance/inner ear problems or other physical or stress related conditions please contact your physician before participating in the course. If you are recovering from recent injury or surgery and/or are taking prescription or over-the-counter medications, it is imperative that you consult with your doctor or pharmacist before the course to determine if your medical condition, or the drugs that you are taking for it, could interfere with your ability to operate a motorcycle.
